In February, 15 ocean ferries arrived in Swinoujscie from Trelleborg carrying 830 tons of cargo, including 120 tons of transit goods. Fifteen ferries departed with 2,586 tons of cargo, 1,157 tons of which were transit goods.

PASSENGER TRAVEL REOPENED ON THE WISLA -- Zycie Warszawy, No 86, 28 Mar 49

On 27 March, passenger ship travel, discontinued during the winter, was reopened on the Wisla River. Ships travel from Gdansk to Elblag, then to Krymica Morska, Telkowicko, and Frombork. The ships on this route have been equipped with new motors, thereby cutting the travel time from Gdansk to Elblag from 7 to 4 hours.

Because of favorable weather conditions, ship runs have also been opened on the Oder River. It is planned that during 1949 State Navigation transhipments on the Oder will reach 700,000 tons of merchandise, a 120-percent increase in relation to 1948 transhipments.
